The Corvallis Civic Club cordially invites you to a ribbon-cutting and dedication for the Corvallis Canal Pedestrian Bridge. The brief ceremony will take place on Tuesday, January 30, at 2:30 PM at the bridge and will celebrate the bridge and those whose assistance made it possible.

The bridge provides a safe pedestrian crossing of the Corvallis Canal and is an important link in the creation of a safe pedestrian and bicycle infrastructure for Corvallis. We appreciate your support for this project and your concern for safe opportunities to walk and bike in our community. We hope you can attend the dedication.

Thank you for your help and support!
